

# SimErgy ERM Boot Camp

## ONLINE EVENT

### June 14-15, 2022

#### CURRICULUM

Now in its 12<sup>th</sup> year, **SimErgy ERM Boot Camp** is a practical hands-on training program providing tangible skills that can be applied immediately to successfully implement or advance ERM programs. This program uses a stimulating and dynamic combination of lectures, individual exercises, small group exercises, large group exercises, and case studies.

#### INSTRUCTOR

**SIM SEGAL, FSA, CERA** is a globally-recognized ERM thought leader renowned for his engaging presentation style. Segal is president of SimErgy, which provides a full range of ERM consulting services; founder and director of the M.S. in ERM program at Columbia University; author of *Corporate Value of Enterprise Risk*

*Management*, well received by the business community and required reading on syllabi of the SOA and leading universities; and host of *Risk Radio*. Segal has given 200+ presentations on ERM and risk topics. He has been quoted as an ERM expert by media such as the Wall Street Journal, Treasury & Risk, and CFO Magazine. Segal has authored articles in leading publications such as Forbes, American Banker, and Corporate Finance Review. Segal is former VP on the board of directors of the SOA, also serving as inaugural chair of its Risk Committee, leading the design/implementation of their ERM program. He is a Fellow of the Society of Actuaries (FSA) and a Chartered Enterprise Risk Analyst (CERA).

#### WHO SHOULD ATTEND

**SimErgy ERM Boot Camp** is for individuals involved with identifying, measuring, managing, or disclosing risks, or those with oversight over those functions. This includes:

- Heads of ERM programs, such as chief risk officers (CROs)
- Corporate ERM team members that conduct qualitative risk assessments or build models to quantify risks
- Heads of internal audit
- Senior executives, such as CEOs and CFOs
- Board directors, including chairs of audit committees and chairs of risk committees
- Heads of external relations
- Regulators, particularly those with ORSA responsibilities (Consultants and other vendors are not eligible to attend.)

#### TOP 10 SKILLS GAINED BY ATTENDEES

1. Implement an advanced yet practical ERM framework
2. Quantify strategic and operational risks
3. Clearly define risk appetite on a quantitative basis
4. Integrate ERM into decision making, such as strategic planning, strategic & tactical decisions, & transactions
5. Avoid the 5 common mistakes of risk identification
6. Evaluate your ERM program against 10 key ERM criteria
7. Conduct effective qualitative risk assessment surveys
8. Develop a risk categorization and definition (RCD) tool
9. Develop risk scenarios using the Failure Modes and Effects Analysis (FMEA) technique
10. Learn techniques to build buy-in with key stakeholders and satisfy ORSA requirements

#### SUMMARY PROGRAM

##### Day 1

- 1) Defining ERM
- 2) Challenges to ERM
- 3) ERM framework
- 4) Risk categorization and definition

##### Day 2

- 5) Qualitative risk assessment (QRA)
- 6) Quantifying individual risk exposures
- 7) Quantifying enterprise risk exposure
- 8) Defining risk appetite
- 9) Killer risks
- 10) ERM implementation timeline
